SUBJECT:

OMB Request for Comments on S.1527, Civil
Service Pension Reform Act of 1985

1. We have only one comment on the draft bill. It has a fundamental flaw: the Agency is not on the list of those for whom an annuity without reduction is provided.

2. The Directorate of Operations defers to the DDA on how best to address this bill within the overall strategy for the legislation the Agency will be proposing.
